

Code ETC60ST2 – 60cm Ceran Electric Cooktop

TIPS FOR BETTER USE

- Always use pans with a flat base to ensure even contact with the hotplate
- The correct size of pan should be used so that the whole of the element is covered
- Never switch on the hot plate without a pan in position
This will simply waste energy.
- To ensure even contact and to prolong the life of Ceran® glass, the base of the pans should be kept clean and dry.
- Take care never to reach over the hot plate
- Please refer to instruction manual before attempting to clean.
