# THE ULTIMATE TESTS OF STRENGTH.

Want to know just how STRONG a TIMBERLINE vanity is?

Have a look at this...

## PACKAGING THAT GETS TO YOU

There is nothing worse than the excitement of opening your new vanity only to find it has been damaged on the way. Not with our SUPER CRATES!

Every product we ship comes in its own ultra strong SUPER CRATE. And yes - they are strong enough to hold up a commercial van.

Every vanity,  
tallboy and  
shaving cabinet  
comes in its own  
SUPER CRATE!  
That's our way of  
making sure it gets  
to you!

## THE ULTIMATE VANITY STRENGTH TEST

Having a great looking vanity is one thing. Having a vanity strong enough to use as a grand stand for your whole family is another!

For this TEST OF STRENGTH we installed a 1500mm wall hung vanity using the bare minimum number of fixings to meet our installation instructions. Then we loaded it with 37 bags of cement totalling 740kg. With our solid rear panel which is tongue and grooved into the cabinet the vanity supported this full weight.

With TIMBERLINE vanities you can be assured you aren't only getting a pretty face! Our vanities are tough!

**740kg!!**

On a wall  
hung vanity!

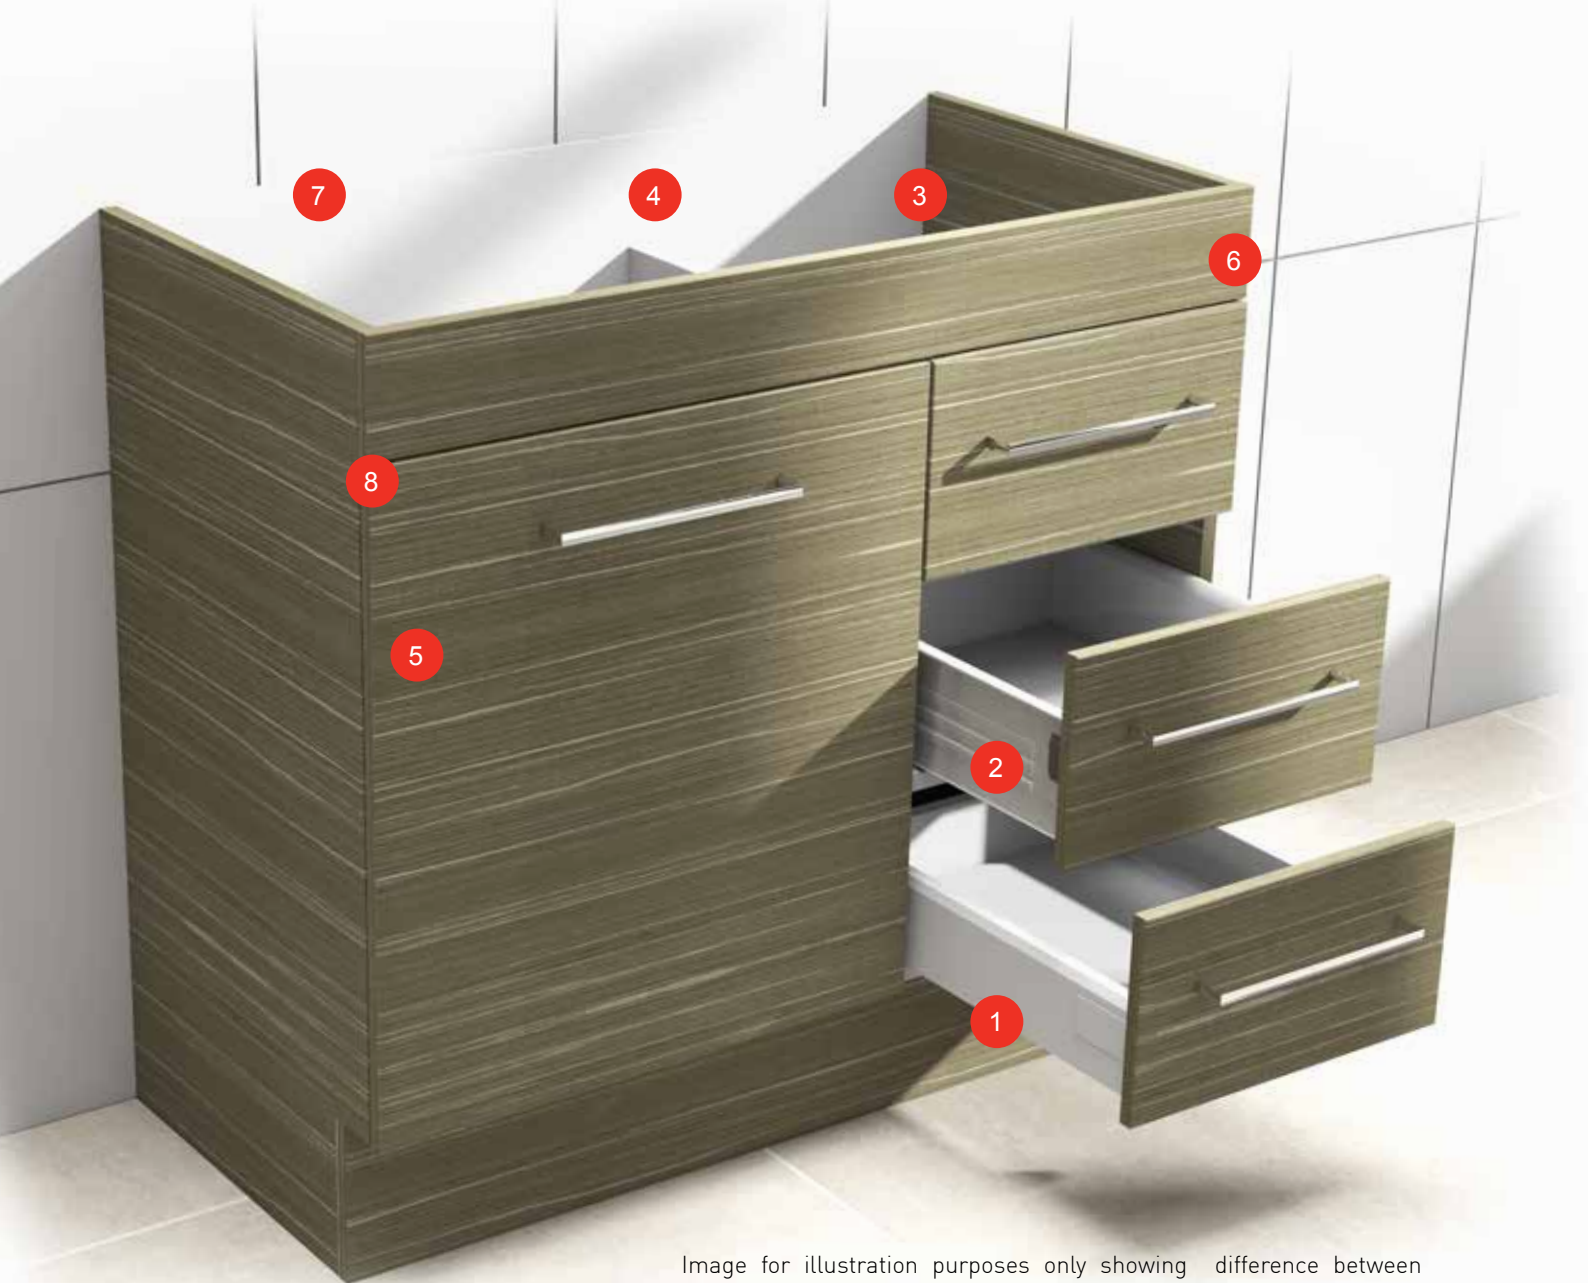

Image for illustration purposes only showing difference between standard steel drawer runners and full extension drawer runners

### FULL EXTENSION DRAWER RUNNERS

Used on selected vanities these full extension soft close drawer runners are the epitome of quality and style. By fully extending you can access right to the very back of the drawer and the soft close always glides stealthily closed.

These are included standard on:

- Andorra Vanities
- Kansas Vanities
- Orlando Vanities
- Oxbow Vanities
- Pure Vanities

Or as a cost option ( \$86 /drawer) on any of the other ranges.

### STEEL DRAWER RUNNERS WITH SOFT CLOSE ATTACHMENTS

All our draws are built using steel drawer runners with solid bases and backs. This makes them easy to clean and durable. We do not use paper covered 3mm MDF Backs or bases. All drawers are fitted with soft close attachments for that gentle quality shutting and have multi direction adjustment to keep them running true.

3

### TONGUE AND GROOVE JOINTING

All the solid backs and bases are also assembled with a tongue and groove joint with multiple cam fix points. This creates exceptional strength and durability particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top.

4

### SOLID VANITY BACK

At Timberline we always use a full 16mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 3mm paper lined MDF back.

5

### SOFT CLOSE HINGES

Only the best, Blum fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span.

All hinges include built in soft close mechanisms.

6

### CONSTRUCTION BRACKETS

Internal specially designed brackets make a neat and strong finish which is much, much stronger than ugly staple blocks.

7

### HIGHLY MOISTURE RESISTANT BOARD

All our cabinets are manufactured with Highly Moisture Resistant (HMR) Board. This gives you the best protection against swelling and other moisture damage.

All our board is eco friendly and is sourced from responsible, certified suppliers and is either "E0" or "E1" low formaldehyde Eco Friendly product.

8

### DURABLE EDGING

The edging on our woodgrain cabinets is a strong ABS with matching grain. This means you will get years of durable service from your new woodgrain cabinet.

## 4-in-1 Pop Up Waste

---

Not all plug and wastes were created equal! This guy is unique as it:

- Will fit 32mm or 40mm
- Works for with or without overflow
- Has a stunning domed head
- Solid brass construction for extra durability
- Super easy installation via top access screw

You can buy this waste knowing both you and your plumber will love it.

**4 in 1 Pop Up Chrome Waste Plug and Waste | PWPU41 | \$44**

## 4-in-1 Pop Down Waste

---

Yep - you've seen all the Pop Up wastes. This one is different. It Pops Down.

It not only looks fantastic, it also:

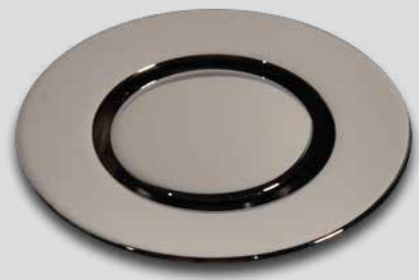

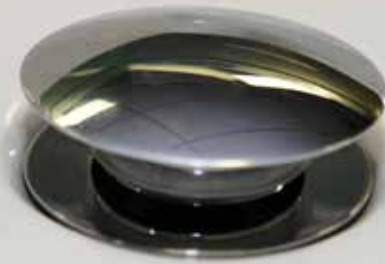

- Looks great in the normal 'open position'
- Quick remove cartridge for easy cleaning
- Jewellery friendly slot stops most earrings and rings falling into drain
- Will fit 32mm or 40mm
- Works for with or without overflow
- Solid brass construction for extra durability

# Warranty

---

Timberline Bathroom Products ensures that its products are manufactured using only high quality materials and workmanship. Should you find fault with either materials or workmanship within warranty period noted below, Timberline Bathroom Products will at its discretion, repair or, supply replacement for the faulty product or component.

Warranty Periods:

All Cabinets:	10 years	Stone/Solid Surface Tops:	10 years	Ceramic Tops/Bowls:	5 years
Acrylic tops:	10 years	Sculptured Marble Tops:	5 years	Mirrors:	1 year

The Timberline Bathroom Products warranty will only apply where the product has been installed by qualified tradesmen and in full accordance with installation instructions. This warranty does not cover damage by improper installation, accident, misuse, abuse, negligence, excessive wear and tear, improper care and maintenance, water and natural causes such as sunlight, humidity and other environmental conditions. Adjustment of doors and drawers is undertaken during manufacture. After installation readjustment will be necessary, this does not form part of the warranty.

It should be noted that all cabinets are manufactured from water resistant materials. This does not mean that they are waterproof. Care must be taken to immediately dry any spillage or leakage water that may gain access to the cabinet as water damage is not a justifiable claim. Installation, cleaning and maintenance instructions must be followed to ensure validity of warranty.

Timberline Bathroom Products' liability is limited to repair, replacing, or giving a credit for the faulty goods, and it does not include installation expenses and/or damages. The purchaser must provide proof of purchase when making a claim.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

To make a claim please contact Timberline Bathroom Products on the phone number or email address on the back of this brochure.

## Installation Instructions

---

All installation works should be carried out by a licensed tradesman according to the 'Plumbing and Drainage Code of Practice' and the requirements of any relevant statutory body.

- During the framing and rough in stages of construction ensure that there are sufficient fixings for the mounting of the vanity cabinet. There should be at least two vertical studs for fixing provided not more than 100mm from each edge of the cabinet.
- Ensure that the wall is straight and plumb and free from any bow or twist otherwise the drawers and doors will be out of alignment.
- The solid back of the cabinet must not be damaged, removed, cut or drilled more than is necessary for the access of the plumbing pipes.
- During installation the cabinet should be fixed with screws through the solid back of the cabinet. The screws should be suited to the stud material and have a pan or counter sunk head. Provide a horizontal row of screws within 100mm vertically from the top of the cabinet at a maximum of 300mm horizontal spacing. The screws closest to the left and right edge of the cabinet should be within 100mm of each side.
- Prior to fixing the top to the cabinet with silicone ensure that the cabinet is level and plumb in all directions. If not remove the cabinet and pack or straighten the wall accordingly.
- After installation use the adjusting screws of the hinges and drawer runners to align the doors and drawers.

Timberline Bathroom Products makes every effort to supply our clients with outstanding quality products, we can in no way be held responsible for any damages arising from failure due to the method in which the vanity was installed or commissioned.

# CABINET HANDLE SELECTION

What a selection! Choose from chrome or satin - long or short - square or curved. We've got them all! Any of these handles are available at no extra cost.

Notes for Finger Pull Option:  
Finger Pull is available on white gloss cabinets only. Usable drawer height is reduced with finger pulls.

# CABINET LEG SELECTION

If your chosen vanity or tallboy is mounted on legs you can select from these options below.

Chrome Bow  
Not available on Carlo  
Height = 110mm

Round Chrome  
Height = 150 or  
200mm

Aluminium Square  
Height = 150 or  
250mm

Chrome Square  
Available on MOD only  
Height = 80mm

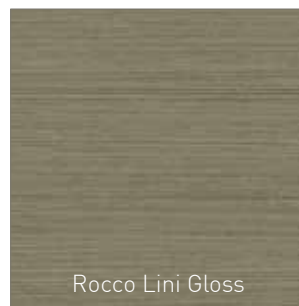

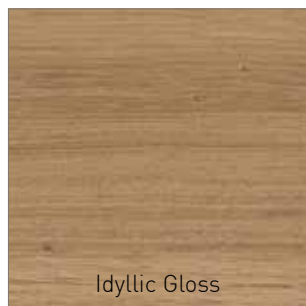

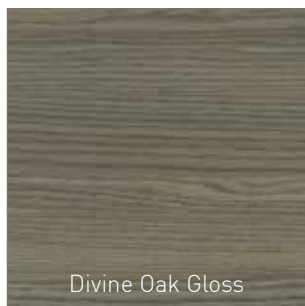

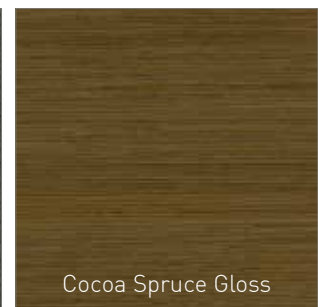

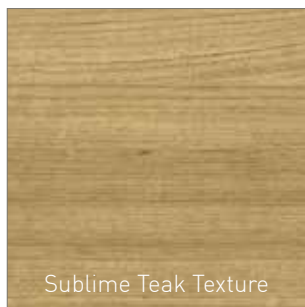

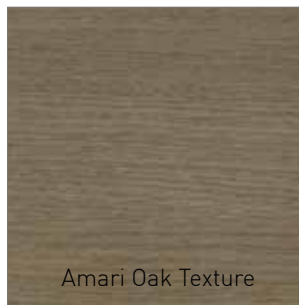

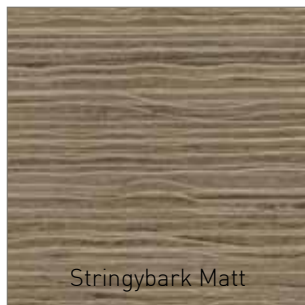

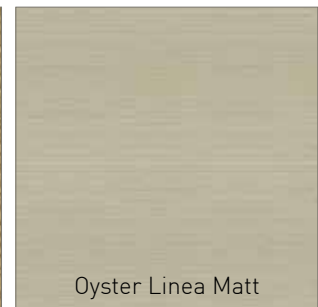

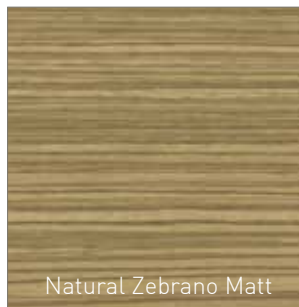

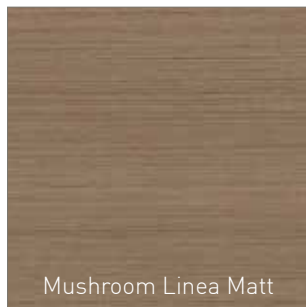

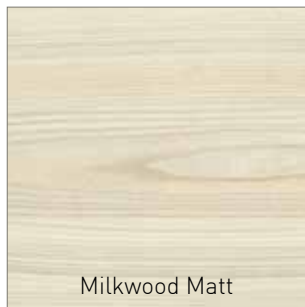

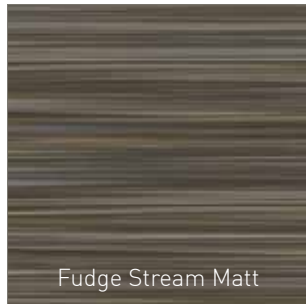

# CABINET COLOUR OPTIONS

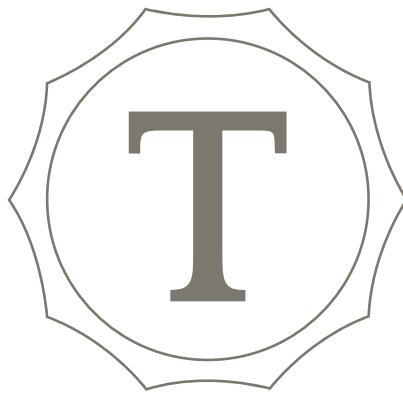

Choose any of these colours on any of our Vanities, Tallboys or Shaving Cabinets - at no extra cost!

White gloss is a durable two pack polyurethane high gloss paint finish that is easy to clean.

The Melamine woodgrain finishes are ultra durable and add warmth and colour to your bathroom. Some woodgrains have a matt finish while others have a realistic texture or a glossy sheen.

Please make sure you check out actual colour samples before placing your order. Obviously it is impossible to get a perfect reproduction of the real colours in a printed brochure.
