# O.novo

## Scope for new possibilities

**Anything is possible.** O.novo is a creative collection, modern with clean lines and curves. High-quality ceramics, easy-care surfaces, innovative products – pure and irresistible. A comprehensive range that can be used to fulfil each individual project with creativity and with perfect quality.

**Function and variety belong together.** Functional washbasins in many different sizes and variants which open up new possibilities for interior design. Whether a standard washbasin with pedestal or trap cover, handwash basin, drop-in, undercounter or semi-recessed washbasin – O.novo is always an ideal solution for every project.

**Ceramic Plus**  
Villeroy & Boch

Ceramicplus is the first ceramic material with a unique dirt-repellent surface. Small pores occur on the surface of conventional ceramics, allowing dirt to establish a hold; ceramicplus has a low surface energy, which means the mutual attraction between dirt molecules and water is greater than the attraction to the ceramicplus. Consequently, the water forms small droplets which literally roll down the drain.

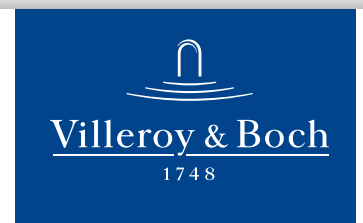

**Soft Closing**  
Villeroy & Boch

The advanced technology of the soft closing seat and hinge combination enables the seat to be closed with one simple touch. Constant battles about the toilet seat being left up is a thing of the past. The new soft close seat will lightly touch down, everytime, with just a push of the seat.

All Villeroy & Boch ceramics are covered by a 5 year warranty (Conditions Apply)
